CO-CREATING SUSTAINABLE FUTURES

Machakos University Breaks Ground for Smart TVET Centre

Machakos University has marked a significant milestone with the groundbreaking of the KSh 120 million Smart TVET Centre, a transformative project funded by the M-PESA Foundation. The initiative reinforces the University's commitment to advancing competency-based technical and vocational education through strategic partnerships.

The groundbreaking ceremony brought together the University Council, Management Board, staff, students, representatives from Safaricom PLC, the Ministry of Education, and other stakeholders. The state-of-the-art facility will feature modern laboratories, workshops, and specialized equipment to equip learners with industry-relevant skills while promoting innovation, entrepreneurship, and research.

Vice-Chancellor Prof. Joyce J. Agalo described the Centre as a transformative investment that will strengthen the University's TVET legacy and enhance graduate employability. The Chairperson of the University Council, Dr. Peter Maangi Mitiambo, and Mr. Jackson Mutua, General Manager – Coast and Eastern Region, Safaricom PLC, reaffirmed the importance of the partnership in expanding access to quality technical education and empowering young people with future-ready skills.

The Smart TVET Centre reflects Machakos University's continued commitment to excellence, innovation, and producing graduates equipped to drive sustainable development.

Machakos University Marks Major Milestone with Groundbreaking of Smart TVET Centre in Partnership with the M-PESA Foundation.

Celebrations at the groundbreaking ceremony

Vice-Chancellor Prof. Joyce Agalo pours the concrete mixture into the mixer during the launch of the construction works, accompanied by Chair of Council Dr. Peter Maangi Mitiambo (left, with the wheelbarrow) and Safaricom PLC General Manager for the Coast and Eastern Region, Jackson Mutua.

Machakos University Strengthens Academic Excellence Through TVET Mentorship

Machakos University continues to promote academic excellence through mentorship initiatives that equip TVET students with essential study skills, personal development strategies, and practical guidance for academic and professional success. The mentorship programme reflects the University's commitment to nurturing well-rounded graduates who are prepared to excel both academically and in the workplace.

Speaking on behalf of the Director of TVET, Mr. Nicholas Muunda, Mr. Daniel Musuu encouraged students to embrace discipline, punctuality, regular class attendance, and a positive attitude as the foundation of academic success. He also highlighted the University's work-study programme, noting its role in providing students with valuable practical experience while complementing classroom learning and enhancing employability. Students were further encouraged to develop effective study habits, manage their time wisely, seek academic support whenever necessary, and actively participate in collaborative learning to maximize their potential.

The mentorship session also underscored the importance of maintaining a healthy lifestyle, personal integrity, and resilience as essential components of academic achievement. Students were challenged to remain focused on their educational goals, cultivate a culture of continuous learning, and uphold the values of discipline, professionalism, and lifelong learning as they prepare to become competent graduates and responsible contributors to society.

From Machakos University to Empowering Youth.

Kevin Maina, MksU Alumnus

Reflecting on my time at Machakos University (2020–2024), where I pursued a Bachelor of Arts (General) specializing in History and Kiswahili, fills me with immense pride. This journey was both academically enriching and personally transformative, shaped by rigorous classroom learning alongside active participation in co-curricular and leadership activities. A cornerstone of my experience was serving as an active member of the Machakos University Rover Crew under the Kenya Scouts Association Movement. Through this platform, I engaged in leadership development, environmental conservation, community service, and mentorship programmes, all of which were instrumental in building my discipline, leadership capacity, and commitment to service. Additionally, my involvement with the Machakos University Choir further sharpened my teamwork, communication, and interpersonal skills while allowing me to contribute meaningfully to various university events.

Currently, I am based in Machakos and work with Brighter Monday Kenya on a contractual basis, facilitating training programmes on employability, soft skills, entrepreneurship, and CV writing for youth across Nairobi, Machakos, Makueni, and Kajiado counties. Furthermore, as a Brighter Monday CV Writing Ambassador in Machakos County, I am dedicated to supporting young people in improving their career readiness and access to employment opportunities. My commitment to continuous learning and community impact extends to my volunteer work with the International Humanity Foundation (IHF) as part of their Social Media Team, where I contribute to content planning and coordination. Alongside these roles, I am actively pursuing further studies in Leadership at the School of Hope. I am grateful for the solid foundation provided by Machakos University, which continues to drive my passion for leadership development and service.

Your Future Awaits!
